This letter confirms that CC Shower Doors is a current tenant in good standing and occupies Unit C47 at the above-referenced property. The tenant utilizes this space for the storage of shower door materials, and inventory.

As landlord, we confirm that CC Shower Doors is authorized to occupy and operate from Unit C47 in accordance with the terms of its lease agreement. The tenant's use of the premises is consistent with the nature of its business and the permitted use of the leased space.

We further note that, due to the nature of this occupancy as a storage and inventory location, Orange County does not issue a separate use permit / BTR for simple storage/drop-storage activities of this type. Accordingly, there is no use permit/BTR available or required for the tenant's storage operations at this location.
